# Egypt Keeps Ban on Israel Ships in Suez

## May 7 Is Voting Date on \$2,667,500 for School

GOING UNDER—Smoke rises from the Navy gasoline tender Mission San Francisco as the vessel sinks in the Delaware River after colliding with the Liberian freighter Elna II near New Castle, Del. The crash was followed by a terrific explosion and fires in both ships. The Coast Guard reported 59 survivors and listed nine seamen as missing. (NEA Telephoto)

## April 8 Deadline On O&W Business

New York, March 8 (AP)—A federal judge says the bankrupt New York Ontario and Western railway will have to close down by April 8 unless the line's freight business is boosted at least 10 per cent.

Two court-appointed receivers yesterday told Judge Sylvester J. Ryan they had succeeded in saving \$62,000 during the month they have been operating the line. But the O & W, they said, still was losing \$75,000 a month.

## Harrison Jury Is Released; Failed To Reach Verdict

After deliberating from 4 p. m. Thursday until about 1:30 a. m. today which heard the evidence in the Leonard A. Harrison grand larceny case was unable to agree and finally was discharged from further deliberations by County Judge Louis G. Bruhn. Harrison was continued under bail.

Harrison, charged with first degree grand larceny growing out of an Ellenville housing development project, was charged by indictment with having received money under false pretenses.

It was charged he took deposits after he had represented the project had been FHA approved. That was later denied by the FHA and the grand jury returned an indictment. Harrison contends he had no intention of misrepresenting the facts but was a victim of circumstances when expected financial backing failed to materialize.

The case was submitted to the jury at 4:10 p. m. Thursday and at 11 p. m. the jurors came in for further instruction from the court. Deliberations were then resumed and when at 1:30 a. m. the jury reported it would be unable to reach an agreement Judge Bruhn discharged the jurors from further deliberations and a disagreement was entered.

## Ike Boost For Hall Fails Mark New Yorkers Have Candidate Ideas

Washington, March 8 (AP)—President Eisenhower's assertion that he'll be a booster if Leonard W. Hall wants to seek the Republican nomination for governor of New York drew guarded neutrality comment today from state party leaders.

Several lauded the former GOP national chairman but went no further concerning the nomination than to say the President is entitled to boost anyone he desires. Nevertheless, the President's enthusiastic endorsement appeared to have given Hall the inside track for the nomination next year.

In Albany, one informed Republican source close to the gubernatorial picture said he always had regarded Hall as "a very active contender."

Considered as Tribute Another said the President's remark at a reception for Hall was the sort of thing likely to be said on such an occasion. That source added that he did not think Eisenhower was trying to choose the candidate and that other possible candidates still had their chances.

Still another source who declined to be identified emphasized that the nominating convention was more than a year away.

A spokesman for State Sen. Walter J. Mahoney, one of those mentioned for the race, said Mahoney would have no comment.

No comment was expected, either, from Assembly Speaker Oswald D. Heck, a 25-year veteran in the Legislature who has made no secret of his gubernatorial ambitions and who has many friends.

Says He's 'Booster' Eisenhower told a cocktail party gathering of GOP members of the Senate, House, cabinet and executive agencies here last night that if Hall wants to try for the governorship he will have the President as a "booster."

Observing that newspapermen had speculated Hall would like to make the race, Eisenhower drew a laugh from about 200 guests.

The federal ground, the state court said, was the so-called implementation decree of the U. S. Supreme Court in which local tribunals were given the authority to determine when segregation would end in local public schools.

The majority opinion said the state court's appointment of a commissioner last year to take testimony to determine when Hawkins' admission to the university could be accomplished without trouble was based upon two grounds—one state and one federal.

The opinion said the state grounds was "the exercise of our traditional power as a state court to decline to issue the extraordinary writ of mandamus if, to do so would tend to work a serious public mischief."

## Auto Law Divides N.Y. GOP

Albany, N. Y., March 5 (AP)—The recent split in the Legislature's Republican high command yawned open again today—this time in a thinly veiled dispute over plugging gaps in the compulsory automobile insurance law.

An influential Republican senator, acting apparently with the approval of Majority Leader Walter J. Mahoney, lined up squarely against legislation proposed by Assembly Speaker Oswald D. Heck.

Calls Move Unwise The senator, Fred J. Rath of Utica, issued a statement declaring that it would be "unwise" to try at this time to set up any system for compensating persons injured in accidents not covered by the new law.

Rath heads the Joint Legislative Committee on unsatisfied judgments, which unanimously recommended last month a one-year delay in any action on the subject.

When asked whether he endorsed the Rath statement, Mahoney said he had not seen the legislation advocated by Heck. But he added significantly:

"I don't know of any case in which the Senate has acted against the unanimous wishes of one of its committees—in this case a joint legislative committee headed by a senator."

Opposes Heck Action Mahoney would not take a firm public position on the issue. However, he is believed to be solidly opposed to the prompt action demanded by Heck.

Mahoney and Heck split openly last week over action to block a \$35,400,000-a-year rate increase sought by the New York Telephone Co.

While Mahoney beat down a Democratic attempt in the Senate to force a vote on pending legislation, Heck pushed the so-called telephone bill through his House. It won overwhelming approval in the Assembly Monday night.

The bill, requested by the Public Service Commission and backed by Democratic Gov. Harriman, would wipe out the telephone company's chief argument for a rate increase at a current PSC hearing.

Promises Action Mahoney said the Senate Finance Committee needed more time to consider the move. Later he promised the committee would act on the bill next week.

The compulsory insurance law, which went into effect this year, requires all vehicles registered in this state to carry liability insurance.

However, the law affords no (Continued on Page 5, Col. 3)

## Public to Register In April State Approval Is Given Prelim Plan

Issuance of bonds in the amount of \$2,667,500 for construction of the proposed new 1,000-student junior high school in the Dietz Stadium area was approved Thursday night by the Board of Education and Tuesday, May 7, set for public vote on the proposition.

This figure also includes \$40,000 for construction of storm sewers in the school area. It does not include cost of the site. Negotiations for purchase of property required for construction and operation of the school are still in progress.

12 Days Are Listed Twelve registration days—April 1-6 and 8-13—were scheduled. Hours will be from 9 a. m. to 5 p. m. at the municipal auditorium. The vote on May 7 will be from noon to 9 p. m.

Persons who registered for the last city election are automatically eligible to vote. Those who did not register at that time must do so during the registration period in April. Persons who have become 21 since the last election may also register.

The board of education must have its own set of registration books, which means that members of the board of registration must copy off the 16,000 names in the city registration books. This must be done in long hand.

Nine Election Districts The board has divided the city into nine election districts as follows:

District 1—Wards 1 and 10, voting at School No. 8.

District 2—Ward 2, School No. 6.

District 3—Ward 3, School No. 5.

District 4—Wards 4 and 5, School No. 4.

District 5—Ward 6, School No. 3.

District 6—Wards 7 and 8, School No. 2.

District 7—Ward 9, M.J.M. School.

District 8—Wards 11 and 13, George Washington School.

District 9—Ward 12, firehouse on Hurley avenue.

Changes Proposed The board referred to the building committee several proposed minor changes in the preliminary plans for the new junior high school. Preliminary plans were approved at the February meeting.

Inspectors of elections must (Continued on Page 9, Col. 2)

## 7 Departments Affected Changes Approved In School Program

A number of changes in Kingston High School curriculum were approved by the Kingston Board of Education Thursday night in seven different departments.

The board approved a set of recommendations presented by Principal M. Clifford Miller of Kingston High School.

Different Title It also approved a change of title for Robert McDonald, administrative assistant of the local school system. Mr. McDonald's new title is assistant superintendent of schools.

The board also took cognizance of and approved the membership of two committees submitted by Hubert Hoderath, director of adult education.

Curriculum Changes The curriculum changes follow:

English—The name of the college English course will be changed to Regents 12th Year English. The everyday English course will be known as School 12th Year English.

Mathematics—In place of plane geometry, a 10th year Regents course in mathematics will be offered. It will be known as 10th Year Math.

New Science Course Science—A new course in science will be offered which will be known as Earth Science. It may be used as part of a three-unit science sequence and it may be taken in the sophomore, junior and senior year.

Citizenship Education—Eleventh year social studies will be dropped from the curriculum. Social Studies 9 will be offered in the 10th year and Social Studies 12 in the 11th year. Two ½-unit courses will be offered in the 12th year on an elective basis. They are Problems of Democracy—½ credit—and Economics—½ unit credit.

Homemaking Courses Homemaking—Homemaking 3, a double-period course, will be offered on a single period basis with one unit of credit. Students who elect to take Homemaking 3 must complete Homemaking 1 and 2 prior to enrollment in Homemaking. Homemaking 5 (Preparing for Marriage) will be offered as a new ½-unit course in homemaking beginning September, 1957. Homemaking 7 (Home Nursing) will be offered for a ½-unit credit also.

Any of the following three courses may be used as a major sequence for an academic diploma: Homemaking 1, 2, 8, 10, 11 and Homemaking 5 (½-unit), plus Homemaking 7 (½-unit).

Business—Bookkeeping 2 will be offered on a single period basis and one unit of credit will be granted for the course. Clerical Practice 1 and Clerical Practice 2 will be offered on a double period basis. One unit of credit will be assigned to each course.

Mathematics Stressed Shop—Beginning next fall, students who plan to take a trade machine course will be required to complete at least three units in mathematics. Failure to follow the three-unit required courses in math will mean that such a student will not be permitted to take trade machine shop.

This student may, however, elect to take industrial arts machine shop which will provide for a three-unit sequence as follows: General shop, general machine and industrial arts machine. Students intending to take the trade machine course are also reminded that physics is a required subject.

Needed for Industry These requirements are not new but it has become necessary to make them mandatory in order to more adequately prepare (Continued on Page 5, Col. 5)

## Technical Point Is War Stand Final Clearance Approval Is Due

Cairo, Egypt, March 8 (AP)—Egyptian officials reiterated today that Israeli ships are barred from using the Suez Canal.

The Egyptian government's position is that it still is technically at war with Israel, even though it signed an armistice in 1949. The ban on Israeli shipping was in effect long before the Israeli and French-British attack on Egypt last fall.

Seizure Protested The owner of a Dutch coaster, the 499-ton Vidala, has protested against seizure of his cargo bound for the Israeli port of Haifa. Up to now the protest to Egyptian authorities has produced no result. The Vidala has been held at Suez since last October.

Two small ships started moving through the canal today, and Egypt was expected to turn on the green light that would permit removal of two remaining major obstructions that would open the canal to medium-size ships for the first time since early November.

Ships Moving Through The two small ships, the 147-ton yacht, Maralyvi, flying the flag of the oil sheikdom of Kuwait, and the 238-ton Greek tug Mikali towing a 292-ton barge, started south from Port Said. Egyptian pilots, employed by Egypt's Canal Authority, steered around tricky obstructions still blocking the channel.

The canal authority announced last night that the canal would be open at daybreak to ships of less than 500 tons.

Under the authority's rules the two small ships did not have to pay tolls, because they are under 300 tons.

Canal Offices Closed The Suez Canal Authority offices were closed today and there was no confirmation of payment of all tolls to Egypt—including tolls for passage of British and French ships—when the canal is open to normal shipping. Before the canal was closed, the Egyptians claimed the right to the tolls, but permitted them to be paid into accounts blocked in London and Paris.

The semi-official Middle East News Agency reported that Egypt finally would give permission to L. Gen. Raymond A. Wheeler, UN salvage chief, to go ahead with removal of the two big blocks in the 103-mile channel.

It now is expected the canal will be open by the end of the month to ships up to 10,000 tons—about 70 per cent of normal traffic including most tankers.

Final Opening Delayed The key Middle East waterway was blocked by sunken ships, wrecked bridges and other debris when British and French invasion forces attacked Egypt last fall. Final clearance was delayed by Egypt until Israeli forces made a withdrawal from the Gaza strip yesterday and were (Continued on Page 5, Col. 4)

## Florida Court Invokes States' Rights To Deny Negro Law School Admission

Tallahassee, Fla., March 8 (AP)—The Florida Supreme Court today invoked states' rights to deny Virgil Hawkins, Daytona Beach Negro, immediate admission to the University of Florida Law School.

The state tribunal's order came down almost a year after the U. S. Supreme Court ruled that Hawkins was entitled to prompt admission to the all-white university.

In its 5-2 opinion, the state court said it could not conceive that the U. S. Supreme Court "would hold that the highest court of a sovereign state does not have the right to control the effective date of its own discretionary process."

The State Supreme Court said

that it was refusing at this time to order Hawkins' admission to the University of Florida, the action was taken without prejudice to his rights to come before the court again "when he is prepared to present testimony showing that his admission can be accomplished without doing great public mischief."

The majority opinion was written by Justice B. K. Roberts with Chief Justice Glenn Terrell, Justices T. Frank Hobson, Campbell Thornhill and Stephen C. O'Connell concurring.

Justices Elwyn Thomas and E. Harris Drew dissented.

Hawkins, 49-year-old faculty member at Bethune-Cookman College at Daytona Beach, has been trying for about eight years to gain admission to the all-white university.

The majority opinion said the state court's appointment of a commissioner last year to take testimony to determine when Hawkins' admission to the university could be accomplished without trouble was based upon two grounds—one state and one federal.

The opinion said the state grounds was "the exercise of our traditional power as a state court to decline to issue the extraordinary writ of mandamus if, to do so would tend to work a serious public mischief."

The federal ground, the state court said, was the so-called implementation decree of the U. S. Supreme Court in which local tribunals were given the authority to determine when segregation would end in local public schools.

## 24 Vehicles Ruled Out, 243 Licenses Suspended

Albany, N. Y., March 8 (AP)—The state ruled 24 "unrepairable" vehicles off New York's highways in the first month of the new compulsory inspection program, Motor Vehicle Commissioner Joseph P. Kelly reported today.

The registrations of another 270 vehicles were suspended when the owners failed to make the required repairs within 10 days after the inspection. Twenty-seven were returned after the owners complied.

Models 1938 and older were checked in February. The 1939 and 1940 models are being inspected this month.

END OF FLIGHT—Wives and sweethearts greet the crew of the first of an estimated 30 B-36 bombers that landed at Travis Air Force Base, Calif., after the completion of the Strategic Air Command's semi-secret "Operation Whitehorse." The operation, which was partly handled as routine publicity and partly shrouded in secrecy, involved planes of the Fifth Bombardment Wing, apparently from Travis, Kirkland, Roswell, N. M., and Biggs Air Force Bases, El Paso, Tex. The destination of the operation was given only as "the Far Pacific Islands" but it was learned unofficially that the planes fanned out, some going to Okinawa, some to Alaska and others to Japan. The mission included simulated bombings "at the other end." (NEA Telephoto)

## New Postal Rate Hike Is Asked by Administration

Washington, March 8 (AP)—Once again the Eisenhower Administration has asked Congress to raise postal rates to ease a postal operating deficit now running about 650 million dollars a year.

Its recommendations yesterday did not go as far as had been expected they would. Previously, administration officials had indicated a boost from 3 to 5 cents in the price of a letter stamp.

However, Postmaster Arthur Summerfield called for a 4-cent stamp, an increase of 1 cent an ounce in the first class mail rate.

The Post Office Department also urged these other increases: From 6 to 7 cents for airmail; 2 to 3 cents for post cards; 4 to 5 cents for air post cards; 4 to 5 cents for second class mail; 3 to 4 cents for advertising matter; and books sent by fourth class mail.

In a letter sent yesterday to Speaker of the House Rayburn

(D-Tex.), Summerfield urged Congress to act quickly.

Last year, the House approved a 1-cent increase in first class mail rates, but the Senate took no action.

Summerfield said yesterday the proposed increases would produce additional revenues of about \$27½ million dollars annually by 1961.

He said first class and fourth class mail (parcel post) would pay their own way. As for the other classes of mail, Summerfield said the public service factor should be taken into account.

Summerfield asked Congress to establish a policy that "the postal service should be operated in a business-like manner, but not as a commercial enterprise conducted for profit."

President Eisenhower urged Congress last year, and again this year, to raise postal rates and put the service on a "pay-as-you-go" basis.

The department asked for substantially the same increases last year.

Law Recommended  
For Trailer Regulation

Albany, N. Y., March 8 (AP)—Sen. Dutton S. Peterson recommends a state mobile-home law for "logical and consistent" regulation of house trailers.

The Odessa Republican said yesterday a survey he had directed for the Senate Finance Committee had indicated that local policy on trailers was "confused and contradictory."

Peterson said some communities prohibited trailers, some barred them indirectly and others welcomed them.

He said mobile home owners should pay taxes but a uniform policy was needed to assure that the taxes were levied fairly.

He urged creation of a mobile homes advisory board comprising representatives of interested groups.

New Toilet Bar  
Dove Introduced  
On Local Market

A new toilet bar that looks like soap and is used like soap but is completely different is being introduced in this area by Lever Brothers Company. This new, white, smooth-textured bar is called DOVE and its unique formula represents a major improvement in toilet bars.

Dove is milder than soap, even milder than "baby soap." This wonderful news for women who found plain soap and water left their skin feeling taut and dry. According to the manufacturer, this is because the bar is completely neutral, neither acid nor alkaline while all toilet soaps have an alkaline or drying reaction. Also, it leaves no soap scum or ring in the bathtub.

One-quarter of each bar is rich emollient cleansing cream. In using Dove, you cream-wash your face in one single operation. The most sensitive skin is left radiantly soft and satin smooth. In addition, an exclusive new lathering ingredient produces a rich, satiny-smooth lather which penetrates the pores and leaves the skin scrupulously clean. Dove's superior cleansing action makes it perfect for the whole family.

Dove is also a beautiful sculptured bar, conveniently shaped to fit the hand for a firmer, more comfortable grip. The graceful, convex lines of this striking bar have a practical as well as artistic benefit in that they offer a minimum surface to dish or basin and so prevent the bar from becoming soggy and wet between uses. The bar itself is smooth and even textured without the cracking so often associated with toilet soaps.

A striking, heat-sealed aluminum foil package protects Dove's gentle rose fragrance. The package itself is attractively

Of Loan Co. Holdup

Albany, N. Y., March 8 (AP)—A 30-year-old farmer was held on a charge of first-degree robbery today in connection with a \$177 holdup at a branch office of the Upstate Loan Co.

State police arrested Regis J. Chauvot, of Berne, about two hours after a gunman robbed the loan company office in suburban Elmsmere yesterday. Chauvot waived examination of arraignment before a police justice last night and was committed to the Albany county jail to await Grand Jury action.

Police said Chauvot, a customer of the office, was taken into custody at his home after a check of the firm's records gave them a clue to his identity. The money and a shotgun police said was used in the holdup were recovered, they reported.

The branch manager and an assistant were the only persons in the office at the time of the holdup.

Union Tuition Going  
Up \$100 This Fall

Schenectady, N. Y., March 8 (AP)—Union College announced today that it would raise its tuition rates by \$100 a year, effective this fall.

Walter C. Baker of New York city, chairman of the board of trustees, said the increase would improve salary scales and help meet rising costs caused by "the growing inflationary pressures of our American economy."

Baker said the tuition boost and income from grants would add more than \$100,000 to salaries, wages and insurance benefits of Union personnel next term.

New tuition rates will be \$900 for liberal arts students and \$1,000 for engineers.

Telephone man saves child from drowning  
—wins Vail Medal

The New York Telephone Company has awarded its highest honor, the Vail Medal, to Telephone Installer Nicholas W. Schmidt for his rescue of little 4-year-old Brenda Howard from drowning in the Harlem River.

Schmidt and another installer, Vincent Skowronski, were driving to a telephone installation job. As they passed 142nd Street near the Harlem River, they were attracted by a small boy waving frantically and pointing into the water. Skowronski quickly stopped the truck. Schmidt ran to the river's edge and looked where the crying boy pointed. He saw a tiny hand appear briefly above the surface of the water.

Realizing there was no time to remove his shoes and trousers, Schmidt stripped off his shirt and plunged into the river. The strong tide almost pulled him under. But he finally reached the child almost 30 feet from shore. Schmidt grabbed an arm, pulled the little girl to him, then swam strongly toward the rocky shore.

Schmidt found no signs that the child was breathing. He immediately began artificial respiration. After many minutes, the little girl gasped. Though he was exhausted himself, Schmidt continued his efforts. Skowronski meanwhile had telephoned for help. And by the time an ambulance arrived, the child was breathing normally. Later that same day she was able to go home from the hospital with her mother.

NEW YORK TELEPHONE COMPANY

In the rescue, Mr. Schmidt made good use of the first aid he learned as part of his telephone training. A modest hero, he left the scene after the rescue, and his identity was not known until he appeared in wet clothing at his telephone field office.

The Vail Medal is the highest telephone honor employees can receive. It is given only for outstanding acts of initiative or courage performed in connection with telephone work, or in which telephone training is an important factor.

## Dr. Palen First Lenten Speaker At Fair Street

The Rev. Ernest R. Palen, STD, pastor of Middle Collegiate Church in New York city, one of three former communicants of the Fair Street Reformed Church who have since entered the Reformed Church ministry, was the speaker Wednesday night at the first of a series of Lenten services.

Services will be held each Wednesday at 6:15 p. m. during the Lenten season, immediately following a church family supper.

### Talks on Ambitions

Dr. Palen spoke on "A Man Examines His World" in which he referred to the aims and ambitions of youth and of what happens to those ambitions when manhood is reached. "None of us ever arrive at the ambitious expectations which pass through the mind of a child playing at fanciful games. When we arrive at an age of maturity we face problems which dispel the security felt in youth. None of us may ever reach the ambitious goals of early youth, but everyone must strive to attain the best," he added. He referred to diplomatic decisions facing our country today, decisions which are most difficult to make and decisions which everyone hopes will be made to the benefit of all peoples.

At the dinner meeting, which preceded Dr. Palen's talk, reports were given to the congregation by Augustus Brinnier, chairman of the finance committee; Sam Pepper, superintendent of the Sunday school; John Garon, chairman of the Educational Building Committee; Robert A. Stewart, chairman of the Building Fund committee; Mrs. Frieda Dingee for the nursery school. Dayton W. Garlick, substituting for Edward Dingley

who was ill, presided and introduced the speakers. The Rev. J. Dean Dykstra gave a report on the activities of the church during the year.

Mr. and Mrs. Ferris Davis, long associated with the church activities and parents of Mrs. Ernest Palen, were honored and A. Theodore Young, elder, presented Mrs. Davis with a corsage.

### Other Speakers

On March 13 at 6:15 the second family dinner will be held for members of the church at which time the Rev. Glenn Young, pastor of the Church-on-the-Green, Hackensack, N. J., will speak on "A Man Examines Himself." The Rev. Mr. Young will be followed on March 20 by the Rev. Garrett Short, recently ordained pastor of Spottiswood Reformed Church of Spottiswood, N. J., who will speak on "A Man Examines His Faith." The Rev. Mr. Short, son of Mr. and Mrs. Ralph Short of this city, is the latest member

of the Fair Street Reformed Church to enter the ministry.

On the following three Wednesday evenings the Rev. Mr. Dykstra, pastor, will give informal talks following the 6:15 o'clock church family supper.

His topics will be "Does Jesus Say Living Should Be Fun?" "How Calvin's Institutes Upset Christendom" and "What The Church Is For."

Approximately 300 members attended the first of the dinner meetings Wednesday night to hear the annual reports.

### NACA Officers to Meet

The officers and directors of the Mid-Hudson Chapter of the National Association of Court Accountants will hold a meeting Monday, March 11, at 7:30 p. m., at Krissler's Business School, Poughkeepsie, Stewart W. Percy, president of the Mid-Hudson Chapter, will preside.

Utah is the only western state settled as the result of a Mass religious movement.

### Epileptic Given Life

St. Joseph, Mo., March 8 (AP)—William Eugene Morgan, 29-year-old epileptic, was convicted of murder last night and the jury prescribed a life term for the slaying of Richard Skram, 20, a reporter for the St. Joseph Gazette. "I don't know why I did it," Morgan said when he was arrested. His attorneys tried to show he was mentally disturbed but psychiatrists testified he was sane. A flicker of relief showed on his face when he realized he had escaped the gas chamber. He sat frozen-faced and mute through the four-day trial. Skram was shot twice with a deer rifle Oct. 18 as he sat in a station wagon with Miss Sandra Petrie, an employee in the Gazette business office. They were parked beside a lake in a city park.

### Laborites See Gains

London, March 8 (AP)—The Conservative party still held two parliamentary seats today after the results were in from special elections, but the Laborite opposition claimed the reduced margins of victory confirmed a trend against the government. The closest contest was in Warwick, the constituency represented by Sir Anthony Eden for 33 years. There Conservative John Hobson got 24,948 votes to Labor candidate William Wilson's 22,791.

### Two Die in Fire

Montreal, March 8 (AP)—A fire in a basement apartment took the lives of Fernand Robillard, 34, and his son, Richard, 9, early today. His wife and another son, Michael, 6, suffered critical burns. Firemen said a short circuit probably caused the blaze. Two firemen were injured in overcoming the flames. Jean-Paul Chevretil, landlords in the apartment building, pulled Mrs. Robillard and Michael out of the flame-swept basement. The bodies of Robillard and Richard were found near the rear door of the apartment.

# What does the Savings Bank Branch Bill Mean to Ulster Co.?

Open letter to our Depositors

**The Ulster County Savings Institution**  
Incorporated 1881  
Kingston, N. Y.

Through your thrift-mindedness, you have made the mutual savings banks of our State a strong pillar of safety and security for 11 million New Yorkers. This enviable record was achieved despite out-of-date restrictions on where savings banks can operate branch offices.

Today, the law forbids such branches in new suburban areas, denying to millions of people the convenience of a nearby savings bank. This discrimination can be ended if the State Legislature passes the Savings Banks Branch Bill (S2901, A3517).

We ask that you urge your State Senator, E. Ogden Bush and Assemblyman Kenneth L. Wilson, to support this bill which is so vital to the security of so many millions of fellow-citizens.

Won't you write them today, at the State Office Building, Albany.

Sincerely yours,  
Pratt Boice, President

## Albany Men Are Linked to Alleged Burglary Ring

Albany, N. Y., March 8 (AP)—Police said today they had smashed an alleged burglary ring that netted about \$20,000 in cash, furs, jewelry and other merchandise in the last 11 months.

Three men described by police as members of the ring were arrested last night. They were identified as Claudio Barrera, 26, Alfred B. Galan, 26, and Philip D. Pearl, all of Albany.

One in Jail  
Police said the fourth member was Barrera's brother, Armando, 27, ex-convict now in the Rensselaer County Jail, Troy, for taking part in a \$1,019 tavern burglary in Troy last Nov. 1.

The Barrera brothers were wounded by a single bullet from a policeman's gun when they were caught looting the tavern safe. Galan also was involved in that burglary.

Deputy Police Chief Anthony J. Dean of Albany said the take in the burglaries here included nearly \$12,000 in furs and jewelry owned by an attorney and about \$2,000 in cash and checks stolen from the Coca Cola Co. plant.

Claudio Barrera and Galan have been free in jail in connection with the Troy burglary. The Barrera brothers and Galan were indicted by a Rensselaer county grand jury last December on charges of third-degree burglary and first-degree grand larceny.

## Ike May Go South

Washington, March 8 (AP)—President Eisenhower hopes to go to Florida about the middle of next week for sun and exercise to help him overcome a head cold, cough and inflamed ear. Presidential Press Secretary James C. Hagerty told reporters today that the lingering cough seems "a little better this morning." He said Eisenhower still has a slight inflammation in the inner ear but isn't using a cotton plug he had in the ear yesterday. The Chief Executive's head cold also remains.

Five states of the Union have towns named California; three have an Ohio; and seven have a Wyoming.

## Reunion in Jail Sobbing Wife Meets Mate Who Is Charged With Brutal Slaying

Hackensack, N. J., March 5 (AP)—Pretty Mrs. Patricia Smith, carrying her two-month-old daughter in a pink blanket, walked disbelievingly into Bergen county courthouse yesterday to visit her husband, Edgar, charged with the brutal slaying of Victoria Zielinski.

She wept quietly in the arms of the 23-year-old ex-marine as he kissed her and the baby.

Were Happy Then  
Only four days ago the couple had been living in their new, \$4,500 trailer home. "It seemed as if we'd never been so happy," she said.

Then, Tuesday morning, the body of 15-year-old Victoria was found viciously crushed and mutilated in a Mahwah gravel pit off a lovers lane. A pair of bloodstained trousers led to Smith's arrest a day later.

Yesterday was the first time Smith's 19-year-old wife had seen him since he signed a statement admitting he had picked up Victoria in a borrowed car Monday night. She tried to run away, then he "blackened out," Smith said.

Goes With Mother  
Accompanied by her mother, Mrs. Geraldine Johnson Horton of Ridgewood, she met Smith in the office of Bergen county Prosecutor Guy W. Calissi. An attendant watched through a half-open door.

After 10 minutes Mrs. Horton came out, carrying the baby. "I left the two children alone together. That's how they belong, together."

Tears and fright showed in Mrs. Smith's eyes as reporters asked her what the couple had talked about.

"Leave me alone," she cried. "He didn't know what he was doing."

Then she held the baby up to her face to duck photographers and walked quickly to a car.

Victoria was to be buried today in Honesdale, Pa. Her parents, Anthony R. Zielinski, 45, and his wife, Marie, 41, of Ramsey, lived there before moving to Ramsey three years ago.

The couple has three other children.

The Rev. Peter S. Kane, pastor, who baptized Victoria, will conduct the burial services.

## Think It Through

By E. F. HUTTON  
HOW THINGS CHANGE

Remember Hank Wallace, Vice President under F.D.R., who proposed a quart of milk a day for every Hottentot? We're getting close to that now!

Then we had the "King Fish," Huey Long, boss of Louisiana. "Forty acres and a mule. Every man a king." We are not a long way from Long now!

Next, from California, came "Doc Townsend," the "ham and eggs," 200 bucks a month for every one, whether workers or loafers. We are approaching "Doc" like-wise.

The 85th Congress has convened. Also, the U.N. with its headaches. Secretary of the Treasury Humphrey complains about no tax reductions and inflation.

Are we to have a hot war; or will the Kremlin keep it cold? Are we a solvent nation, or insolvent? Are we to continue buying "friendship" with no promise of any return? Or will we demand army divisions, man for man, a quid pro quo?

Stevenson campaigned for a "new" America. General "Ike" campaigned for "new" Republicanism. Off with the old, on with the "new."

The taxpayers are in the middle and in a muddle. If Socialism comes, everybody will be employees of the Government. There will be no redistribution of wealth. The Government will have the wealth and keep it. People will have only jobs and like it.

What a change, neighbor! Between where we are now, and where Hitler, Mussolini and Stalin took their people, where do we propose to STOP?

Rath said his committee decided to recommend delay after public hearings indicated there was not enough experience in operation of compulsory insurance on which to base recommendations.

He said there had been no demand for gap-filling legislation in Massachusetts, the only other state that has a similar law.

Plane Continues Trip  
Seattle, March 8 (AP)—One engine of a Portland-bound Pan American World Airways DC7 from Honolulu with 61 persons aboard conked out today about 600 miles from its destination, but the plane is continuing on its remaining three engines.

The plane was continuing on its remaining three engines. The coast guard said the pilot radioed at 4:50 a. m. he had "feathered" the No. 2 engine on the port side, but gave no other details.

The plane was ordered to proceed directly to Seattle, by-passing its normal first stop at Portland. It was scheduled in Seattle at 9:50 a. m. (PST).

West Camp to Vote On School Closing

Saugerties, March 8—Resident taxpayers of former School District 3, West Camp will have the opportunity to vote for or against the disposal and closing of the West Camp School Thursday, March 14 at 7:30 p. m. in the school.

Members of the Saugerties Central School board of education will be in attendance to explain the formality of the vote. If the vote is yes on all four propositions on the ballot, the school will be closed as soon as arrangements are made to assign the 17 pupils in kindergarten to 3rd grade to some other school.

The school will then be put up for auction. In accordance with the deed, the property on which the school stands will revert back to the Emerick estate.

Mrs. Anna B. Risley, the teacher will be assigned to another school in the centralized district.

When the new Mt. Marion School is open in September, grade pupils that are now attending other schools will be transferred to Mt. Marion. This will make room in the Main Street School for those pupils now attending schools which will be closed.

Yesterday's hearing was the second session at which there was direct testimony in support of a proposal to include the New Jersey counties and upstate New York urban areas along with the New York metropolitan area. The present metropolitan order includes New York city and Nassau, Suffolk and Westchester counties.

Hearings Drag  
A long series of previous hearings had been devoted to the proposal for a separate federal plan for northern New Jersey.

One of yesterday's witnesses was a New York dairy farmer, Leroy Franklin, who has a plant near Norwich. He said he represented 57 of his neighbors and he submitted a petition saying dairy farmers in his area are in "desperate circumstances."

Franklin told the examiner: "Unless some price relief is found very soon, many of them will be forced out of business."

Robert Hunter, a dairy farmer of Chester, N. Y., complained that he had attended the hearings for three days waiting to speak.

He said attorneys involved in the hearings "evidently have orders to filibuster this hearing—undoubtedly from those who buy our milk." Hunter said the prices paid for his milk have declined steadily, and he demanded "a living wage."

The New Jersey counties to be included in the New York marketing order, under Dr. Brown's proposal, would be Bergen, Essex, Hudson, Hunterdon, Middlesex, Monmouth, Morris, Ocean, Passaic, Somerset, Sussex, Union and Warren.

15 From Jersey Testify  
Fifteen New Jersey milk producers testified at yesterday's hearing session in support of a separate marketing order for their state.

Then most of the afternoon session was taken up by testimony by an economist in support of an amendment to the present New York metropolitan marketing order that would include 13 New Jersey counties.

The testimony was given by Dr. Dorris D. Brown, of Syracuse, an economist for the Mutual Federation of Independent Cooperatives.

The counties he discussed are Bergen, Essex, Hudson, Hunterdon, Middlesex, Monmouth, Morris, Ocean, Passaic, Somerset, Sussex, Union and Warren.

Identical, He Says  
Brown testified that the milk marketing channels of dairy farmers in those New Jersey counties in those New Jersey counties are identical with those of producers in New York state.

He also said that "price-making forces are identical" for farmers in the two states.

## World Day of Prayer Observed Around The Globe Today

Services at the First Baptist Church on Albany avenue, which were held today at 2:30, in observance of the World Day of Prayer were but one of thousands similar services repeated around the globe.

The local event was sponsored by the United Church Women of Kingston who each year, devote a great deal of time and energy to promote this dramatic appeal to people everywhere.

Today's observance marks the 71st anniversary of an institution which had its birth as a United States project sponsored by a small group of church women and which has spread to the far corners of the globe touching 143 different areas in six continents.

The global prayer chain, which will begin at daybreak in the Fiji and Tonga Islands just west of the International Date Line where Queen Salote leads her subjects in prayer, will progress until the sun sets 24 hours later on St. Lawrence Island in the Bering Sea midway between Alaska and Samoa. At no time during the day-long journey of the sun will the prayerful vigil be broken.

This international ceremony, a striking manifestation of the world brotherhood and universality that man is more and more earnestly seeking, will be repeated in some 60 languages and more than 1,000 dialects.

As stated in a recent press release issued by the National Council of Churches, New York city.

## Noted Jewish Leader To Speak Here Sunday At Membership Dinner

Members and friends of Congregation Agudas Achim attending the dinner scheduled for Sunday in the vestry hall on 24 West Union street, will have an opportunity to hear a well-known Jewish leader, Dr. David B. Hollander.

A graduate of Brooklyn Law School, Dr. Hollander is now president of the Rabbinical Council of America.

In 1955, he was an official guest of the Israeli government and in 1956 served as delegate to the World Zionist Congress in Jerusalem.

Numerous articles on American Judaism and Jews behind the Iron Curtain have been published by this outstanding leader.

As president of the Rabbinical Council, Dr. Hollander headed a delegation alleged to be the first to establish contact with a Jewish community in Soviet Russia. He was the first Jewish leader to penetrate the Iron Curtain in 40 years and with his delegation visited numerous Jewish settlements in remote parts of Russia and other Communist dominated countries. The purpose of the trip was to ascertain the extent to which religious observance was permitted in those countries. Dr. Hollander also represented the United States Orthodox Jewry at a Chof Chof Conference in London in 1954.

The dinner will commence at 6:30 p. m. and all members are urged to attend.

## YMCA News

The World Service banquet will be held Wednesday, March 27, at 6 p. m. All boys who participated in the soap sale for world service are invited to attend this dinner.

Family night "Splash Party" will be held Friday, March 15, at the YMCA. All boys members and their families are invited to attend the party. There will be games, refreshments and swimming for all who wish to go. Those boys, fathers, mothers and sisters who wish to go swimming must bring their own bathing suits and towels.

Tuesday, March 12, the Hi-Y clubs will hold an induction ceremony for all new Hi-Y members. All parents are invited to attend this ceremony to see what Hi-Y is.

## Commuters Delayed

New York, March 8 (P)—Power trouble delayed an estimated 20,000 homeward-bound commuters on 42 New Haven and New York Central Railroad trains last evening. A New York Central spokesman said the delays ran from 15 to 45 minutes.

The delay was blamed on lack of sufficient power in the third rail of the New York Central tracks near Woodlawn, the Bronx, where outboard New Haven trains switch over from Central to New Haven tracks.

## Youngster Observes 12th Birthday

Miss Patricia Ann Prusack, daughter of Mr. and Mrs. Edward Prusack of 59 Farrelly street, was the guest of honor at a birthday party held recently. Miss Prusack was 12 years old.

## Briefly Told

Saranac Lake, N. Y., March 8 (P)—Philetus R. Peck, former Michigan deputy comptroller, will become resident operations manager Monday for the American Management Assn. Center.

The association has taken over the former Trudeau Sanatorium here as headquarters for its executive training program.

Lawrence A. Apple, association president, yesterday announced Peck's appointment.

Syracuse, N. Y., March 8 (P)—The United Automobile Workers Union will bargain for employees in six plants of the New Process Gear Co.

Workers voted 1,233-500 in favor of the union affiliation. The National Labor Relations Board conducted the election, third in a three-year union drive to organize the plant.

New Process has five plants here and one in Auburn. They employ about 2,300 production workers.

Auburn, N. Y., March 8 (P)—Cayuga County Sheriff Willard Wilcox, 81, and the oldest sheriff in New York, says he will seek re-election this fall.

Wilcox, who held the post from 1934 to 1937 and continuously since 1940, said yesterday "there is no trained person to replace me."

Washington, March 8 (P)—Authority for the Lackawanna Railroad to abandon its entire 35-mile line between Ithaca and Owego, N. Y., will become effective March 15.

The Interstate Commerce Commission originally gave approval last October but the abandonment was stayed after local interests on the Owego-Candor section of the line protested.

The commission said yesterday it had reviewed the protest and

## Girls Leave Foreign Jobs UN Speaker Says

Syracuse, N. Y., March 8 (P)—A United Nations consultant says many girls leave the American foreign service after "the novelty" wears off.

Psychiatrist Mottram Torre yesterday told a conference of Americans living abroad that many girls found overseas work unsatisfying after "touristic interests are fulfilled."

He said young, single girls found their emotional lives limited to "the impersonal types of entertainment or illicit romances."

Torre said the most productive secretaries were those who channeled "most of their emotional interests into their job."

The conference is under the sponsorship of the Maxwell School of Citizenship and Public Affairs at Syracuse University. It will end tonight at a convocation at which honorary degrees will be conferred on several of the conference participants. They include Milton Eisenhower, president of Johns Hopkins University, and Gen. Alfred M. Gruenther, president of the American Red Cross.

The first automobile speed law was passed in 1901.

had not found sufficient grounds for amending its original approval.

Schenectady, N. Y., March 8 (P)—Police in suburban Rotterdam had an easy time tracing two boys who wiped their grease-covered arms and hands on the white outside wall of the public library.

The boys, 14 and 15, had left "near perfect fingerprints on the wall."

The boys were smeared with grease while trying to upend a truck trailer near the library.

After a police-parents' conference, the boys volunteered to wash the wall.

## Transfer Bid Sparks Slam

BY OSWALD JACOBY  
Written for NEA Service

North's two heart bid was the Jacoby transfer and showed at least five spades. It was a demand that South bid spades.

With an ordinary no-trump South would have rebid two spades. With the maximum of 18 points and four spades South jumped to three spades.

North's four club bid showed a two suiter and a possible slam. That was enough for South. He had his maximum no-trump; he had four spades; he had both red aces to take care of a lead in either red suit and he knew that his ace and king of clubs had to be worth their weight in gold. He jumped right to six spades.

South won the opening heart lead and was careful to play the king of trumps from his own hand at trick two. This particular play is one that many players overlook. South had no worries about trumps unless they broke four-nothing. If they were going to break that way there was nothing he could do about four in the East hand. By laying down the king of spades he was able to handle the four actually held by West.

A second spade was led and West played the ten. South won to his own hand with the ace of diamonds and led another spade through West. That was all for the spade suit. West could play the jack or not; it made no difference because dummy's ace and nine were still in back of him.

Declarer had to lose a heart trick in the cool of the evening but the slam was safe.

**Javits Says Triple Foreign Aid Money To Keep Peace**

Philadelphia, March 8 (P)—Sen. Javits (R-NY) last night recommended tripling United States aid to foreign countries.

He said the foreign aid program should be increased from the present 600 million dollars to two billion dollars because economic and technical assistance abroad was "vital to the maintenance of peace."

Javits warned that American aid was in danger of being slashed by Congress. His fear was expressed in a speech prepared for acceptance of an American citizenship award from the Golden Slipper Square Club.

"Unless there is a great rallying of public support behind these programs," said Javits, "they could be so seriously crippled as to materially retard the fight against communism and the struggle for international peace."

Javits also suggested training more technical personnel to send overseas; boosting private investments abroad to five billion dollars annually within the next 10 years, and setting up a two-year foreign aid plan instead of adopting a new one each year.

## Two Democrats Are Named to Fill Posts

Albany, N. Y., March 8 (P)—Democrat Francis W. DeCamilla, 49, of Hudson Falls, is the new district attorney of Washington county.

Walter B. Batchelor, 55, of Oswego, also a Democrat, has been named Oswego county surrogate.

Gov. Harriman made the appointments yesterday. Both are subject to Senate confirmation.

DeCamilla will serve to the end of the year in the term of Albert Berkowitz, who was elected state senator last month to succeed the late Henry Nedd.

Voters will elect a district attorney in November.

Batchelor, former Oswego city attorney, succeeds George M. Penney, who resigned. Batchelor also will serve to the end of the year.

**Mt. Marion Votes  
Tonight on Fate  
Of 1-Room School**

The fate of the one-room schoolhouse at Mt. Marion will be decided by a vote of the resident taxpayers tonight at 7:30 o'clock during a special meeting of former school district 4 in the school.

Blue Mountain and Glenierie Districts have already voted to dispose of the school buildings and property and have agreed to a public auction with the proceeds going to Saugerties Central School District.

Ballot Prepared

Voters will be given a prepared ballot on which they may

vote yes or no on four propositions: to close the school; to sell the building and equipment; to sell at the best price obtainable and to give the proceeds to the Saugerties Central District.

Mt. Marion School has been closed since November. The pupils in the lower grades who attended were transferred to temporary quarters in the Les Lias boarding house nearby. Grades 7 to 12 have been attending Saugerties Main Street School.

According to Dr. Grant D. Morse, superintendent of Saugerties Central School District, the new 10-room Mt. Marion School is expected to be completed for occupancy by Sept. 1.

Others to Vote

Other districts scheduled to vote on the disposal of their school properties at meetings set for 7:30 p. m. are: District 12, West Saugerties, Monday; District 13, West Camp, Monday; District 3, Saxton, March 18; District 8, Cedar Grove, March 21; District 6, Katsbaan, March 25 and District 7, Asbury, March 28.

In accordance with the State Education law the closing of individual buildings following centralization must be approved by the voters of each former school district. Prior to the vote, the one-room schools are operated by the Central District.

**Model Building  
Contest Open to  
Boys From Area**

A model building contest, featuring both senior and junior divisions, is now in progress locally through the cooperation of the Catskill Valley Hobby Shop, on Lucas avenue extension.

Boys up to 13 years of age may compete in the junior division, while the senior division includes model builders over 13 years.

Harold Henion, owner of the hobby shop, explained that to the best of his knowledge this is the first local model-building contest offered in this area. He emphasized that the models were not required to fly or operate in any way—that they could be built from a variety of 47 different kits—and that free entry blanks were available at his hobby shop.

The contest will close May 31, and Mr. Henion said that suitable awards would be made to the winners. It is understood that local judges have been obtained to decide the winners, and that the decisions of these judges will be final.

**Caesar to Lose  
Third TV Wife**

New York, March 8 (AP)—Janet Blair, Sid Caesar's third television wife, says she is bowing out of the comedian's TV show at the end of this season.

Miss Blair, who replaced Nanette Fabray in "Caesar's Hour," said yesterday she was leaving the program because her role was not big enough. She added: "My association with Sid personally has been completely cordial. This is purely a professional split."

Her last appearance will be on June 15.

Caesar could not be reached for comment.

Miss Blair's salary on the show reportedly tops the \$3,750 a week received by Miss Fabray, who quit a year ago.

Caesar's first television wife was Imogene Coca. They split in 1954.

**Age Vital Factor  
In Non-Service  
Pension Benefit**

Veterans were reminded today that age is frequently the most important factor in securing non-service-connected pensions. Howard Shurter, director of the Ulster County Veterans Service Agency, said that a veteran age 54 could, for example, be denied a pension which upon reapplication on reaching age 55 would be allowed.

The main age divisions, according to the Veterans' official, are below age 55, 55 to 60, 60 to 64, and over 65. The degree of disability necessary to meet the requirements of a total disability varies with these age brackets.

Director Shurter said that benefits are sometimes disallowed when a veteran is in one age bracket but are allowed when he advances to the next age group because the degree of disability required lessens as the age group increases.

Veterans in this area may obtain additional information about these benefits by contacting the Ulster County Veterans Service Agency and the State Division of Veterans Affairs office at 32 Main Street, Kingston or any of the Branch offices in Ellenville.

Buffalo, N. Y., March 8 (AP)—An airline passenger died today a few hours after he was found with an apparent head injury under a commercial plane at the airport here. He was tentatively identified as Elisha Lyman McClellan Jr. of Indianapolis, Ind., en route from Newark, N. J., to Indianapolis on a Mohawk Airlines plane. Authorities said he apparently was associated with Howard Johnson restaurants. All plane were grounded here at 9:30 p. m. yesterday because of the dense fog. McClellan's activities from the time his plane landed at 9:13 p. m. to the time he was found could not be immediately determined.

## Ulster Park Will Hear Discussion On Consolidation

Ulster Park, March 8 (AP)—An informational and exploratory meeting to explain the proposal for a greater Kingston consolidated school district will be held at Ulster Park Grange Hall Wednesday at 8 p. m.

Every parent, taxpayer and voter in School Districts 2, 3 and 4 of Ulster Park, Union Center and Esopus should attend to hear the features of the proposal.

Members of the Greater Kingston Consolidated School District committee will be present to explain the proposal and to answer questions.

### To 'Assault' Canal

Washington, March 8 (AP)—The air force announced plans today for its participation in a massive simulated assault on the Panama Canal next month. The announcement said the joint services maneuvers, tagged "Carib-Ex," would give the Tactical Air Command (TAC) a chance to deploy "its latest concept of composite strike forces."

be appointed for each district at least 10 days before the election. There must be at least three names for each district.

The estimate of \$40,000 for construction of two storm sewers in the school area was made by City Engineer Arthur Hallinan. The city planning commission is expected to approve construction of the school, contingent on the installation of sewage facilities by the board.

Must Go to People  
Votes on bond issues in the past were handled by municipal officials. However, on July 1, 1951, an article of state education law made city school districts fiscally independent. All bond issues requiring more than five years to pay off must now be submitted to the people.

The issue for the new junior high school is in 30-year bonds. It was reported at the meeting that the State Education Department had approved preliminary plans for the school—with the exception of certain "very simple modifications."

Augustus S. Schrowang, school architect, and James Abner, the board's legal counsel, were present at the meeting. Robert O'Reilly presided in the absence of President Robert Herzog who is on vacation.

## Ike Schedules Normal Day of Business Calls

Washington, March 8 (AP)—President Eisenhower, getting antibiotic medication for a head cold and an ear ailment, arranged a normal schedule of business engagements today.

James C. Hagerty, White House press secretary, said last night the President was "feeling better" at the time and planned to be in his office at about the usual time this morning to start seeing the visitors on his calling list.

Among them were Atty. Gen. Brownell, Netherlands Ambassador J. H. Van Roijen and Secretary of Labor Mitchell. Eisenhower showed up at his news conference yesterday with a medicated cotton plug in his left ear and said he was having difficulty hearing as a result of a newly developed head cold. He announced, however, that the cough which has been bothering him for several weeks was clearing up some.

Hagerty said later Eisenhower had "a slight inflammation of the eustachian tube" which connects the ear and throat, and that he had been treated by the White House physician, Dr. Howard M. Snyder. He said Eisenhower had been receiving antibiotic treatment for the cold and ear trouble.

## 3 Kingston Men, West Shokan Boy Held on Charges

Two local persons were arrested in Saugerties yesterday on petit larceny charges, and a 16-year-old West Shokan youth was charged with third degree burglary in that hamlet.

Donald DeGroat, 24, of 87 Fair street, and Michael Christofora, 19, of 54 Yeoman street, were arrested by Kingston state police on the petit larceny charges, and Patrick Burke, of West Shokan, was arrested by County Investigator Arthur H. Brown on the third degree burglary charge.

DeGroat, Christofora and Anthony Cecilia, 19, of 56 Sycamore street, who was arrested last Friday on a petit larceny charge, are alleged to have stolen a machine and tractor parts last week from the property of Everett Mower, of Barclay Heights.

Arraigned before Police Justice Daniel Lamb, village of Saugerties, DeGroat was granted adjournment to March 14 at 5 p. m. to permit him time to obtain counsel and a hearing for Christofora was set March 22 at 5 p. m. Both were committed to the Ulster county jail in lieu of \$50 bail each. DeGroat is on probation from a burglary conviction last year, the Ulster county sheriff's office reported.

Cecilia was arraigned before Justice Lamb Monday night and pleaded guilty. Scheduled to be sentenced Monday, March 11, he was committed to the Ulster county jail in lieu of \$500 bail. Burke, who allegedly burglarized a house in West Shokan and took between \$50 and \$60 in cash, was arraigned before Justice of the Peace Frank Carle, town of Olive. Burke was paroled in custody of his parents for a hearing March 18.

## Court Orders New Trial in \$50,000 Macy Libel Suit

Albany, N. Y., March 8 (AP)—The Court of Appeals today ordered a new trial in the \$50,000 libel suit of former Rep. W. Kingsland, Macy against the New York World Telegram & Sun in a case involving the famed Hanley letter.

Split Vote Results  
The high court split 4-3. The case was reargued Tuesday, with Justice Francis Bergen of the Appellate Division replacing Associate Judge Stanley H. Fuld, who had disqualified himself.

Macy contends the newspaper libeled him in 1950 by implying that he had used the Hanley letter to further his ambitions for the U. S. Senate.

Joe F. Hanley, then lieutenant governor, said in a letter to Macy just before the 1950 Republican state convention that all his debts would be cleared up if he withdrew from the gubernatorial race and ran for the Senate. Thomas E. Dewey, then governor, ran for reelection and won.

First Case Tied  
When the case first was argued before the Court of Appeals, the judges reached a 3-3 impasse. Fuld had disqualified himself as a close friend of Dewey. Bergen was invited to sit with the court for the reargument.

Associate Judge Charles S. Desmond wrote today's majority opinion with Judges John Van Voorhis, Adrian P. Burke and Bergen concurring.

Judge Marvin P. Dye wrote the dissenting opinion, in which Chief Judge Albert Conway and Judge Charles W. Foessel concurred.

Professor to Resign  
Alcorn, Miss., March 8 (AP)—Prof. Clennon King, whose discharge has been demanded by boycotting Alcorn A & M students, was reported en route to Jackson this morning to resign. The students' boycott of classes has threatened to close the all-Negro school. Prof. King's wife said he tried to submit his resignation to the school president, Dr. J. R. Otis, "but they" (Dr. Otis) wouldn't let him. Dr. Otis told reporters that King

## Sentence Put Off In Bigamy Case

Hector "Jack" Guzman, 29, Liberty was sentenced to a term of from one to two years in Clinton State Prison on a plea of guilty to bigamy. In pronouncing sentence in County Court Judge Louis G. Bruhn suspended execution of sentence and placed Guzman on probation for the maximum term and one of the conditions of probation was that Guzman provide for the support of a child by his second wife, Bessie Horowitz.

Charles Saccoman, counsel for Guzman, told the court the defendant had believed he had a legal separation from his second wife at the time he married Alberta Heiser at Wallkill.

Walter F. Goggin, 25, charged in four counts with robbery, first degree, alleged to have taken place on October 30, 1954, entered a plea of innocent and Louis DiDonna was assigned as counsel. Twenty days was allowed for motions. The defendant, along with his brother Richard M. Goggin is accused of robbing the Harold Harp service station in southern Orange county and has been serving time. Walter F. Goggin was picked up on his discharge from Elmira State Reformatory and returned to Ulster county. His brother is still serving time. They are residents of Newburgh.

## Ike Boost . . .

GOP members when he said he never participates in politics "in the several states."

"But if Leonard Hall runs for governor of New York he is going to have one booster in me," Eisenhower said. "He has never even told me what he wants to do, but I want him to know he's got one supporter."

Hall Silent  
Hall had only a "no comment" to questions as to whether, as generally reported, he had expected appointment to an administration post when he announced his resignation as national chairman in January.

Griming, he had the same reply about his future political plans. New York Republicans nominate their governorship candidates in conventions. Hall would have to deal with other politically ambitious GOP members to get the nomination, but Eisenhower's voluntary backing of Hall was regarded as significant.

In everything except the promise of an interim job which would keep Hall in the limelight, Eisenhower's endorsement far exceeded the expectations of the Senate and House GOP leaders present.

They had arranged what Sen. Bridges (R-NH) called "a family party" to honor the former chairman. Bridges, who played a leading part in getting Eisenhower to attend, said he regarded the President's boost for Hall as "excellent."

It was an open secret among GOP Senators that Hall and his friends had been a bit miffed that he had been offered no high level appointment. However, this feeling seemed to have been washed out by Eisenhower's statement at a news conference that if he had a "suitable post" he had no doubt Hall's name "would occur to me."

asked for a letter from him requesting the resignation.

## Three Unionists Are Accused of Extortion

New York, March 8 (AP)—Two union leaders and a former union president have been accused of extorting money from two lumber firms as a condition for calling off picket lines.

Dist. Atty. Frank S. Hogan said the trio were involved in a scheme demanding a "price for labor peace."

Indicted by a grand jury yesterday were:

1. Harry Davidoff, secretary-treasurer of Local 258 of the International Brotherhood of Teamsters. Hogan said Davidoff, who has offices at 29-28 41st avenue, Long Island City, Queens, was named in a 13-count indictment alleging total extortions of \$5,252. Davidoff was further identified as a brother of Al (Bummy) Davis, a prize fighter killed by a holdup man several years ago.

2. Burle Michaelson, 37, who until the end of 1955 was president of Local 521 of the United Textile Workers of America. Michaelson was held in \$15,000 bail by General Sessions Judge Irwin D. Davidson.

## Workers Approve Tugboat Terms

New York, March 8 (AP)—Striking tugboat workers today voted overwhelming approval of contract proposals to end their 36-day old walkout—longest in harbor history.

Some 3,200 of the 4,000 harbor craft crewmen involved in the terms in a meeting held at Manhattan Center.

The new pact, it was learned, will cover a four-year period. The length of the new contract proved the great issue in the negotiations.

The strikers have twice previously rejected settlement terms reached by negotiators. Federal and city mediators announced last night that a new agreement had been reached by the negotiators. They said it provides for a shorter contract than a six-year pact which the men turned down. The new settlement also was described by the mediators as a "generally improved" offer compared with the rejected one.

## De Valera Warns Of Crackdown on 'Private Armies'

Dublin, Ireland, March 8 (AP)—Old revolutionist Eamon De Valera declared today that he will crack down on "private armies" when he takes over as prime minister of the Irish republic.

His statement obviously was aimed at the outlawed Irish Republican Army (IRA) which would use force to end the separation of the six northern counties—still united with the British crown—from the rest of Ireland. IRA has launched an aggressive campaign of border raids and terrorist attacks in northern Ireland in recent weeks.

With a working majority of 17 to 20 votes in the Irish Dail (Parliament) won in Tuesday's elections, De Valera's election as prime minister for a third time is a foregone conclusion. Parliament meets March 20.

Wants United Land  
The 74-year-old nearly blind De Valera told a news conference he wants to unite the north and south but armed action by "a group of individuals would lead only to anarchy."

The one-time leader of the uprising to free Ireland from British rule insisted:

"Today we can not permit any private army. We have a free and open parliament to seek unification of the country."

"Dev" as he is known to political friend and foe—was jovial and looked aggressively fit in talking about his dramatic return to power after three years out of office.

He accused the leaders of the government in the six northern counties of spurning his moves to end partition.

"But we must not despair," he added and confidently predicted that the day was coming when the country would be united.

## Treasury Receipts

Washington, March 8 (AP)—The cash position of the treasury March 5, 1957: Balance, \$3,184,308,354.14; deposits fiscal year July 1, \$46,090,308,804.54; withdrawals fiscal year, \$52,404,826,252.67; total debt, (x) \$276,276,689,212.37; gold assets, \$22,303,801,335.57; (x) includes \$451,742,741.46 debt not subject to statutory limit.

## Only Tapped Recruits

Parris Island, S. C., March 8 (AP)—Several marine recruits testified here yesterday that a drill instructor charged with hitting them actually only tapped them. The testimony came in the court-martial of Cpl. William R. Walsh of Lyndhurst, N. J., charged with 24 counts of hazing and maltreatment involving 11 members of Recruit Platoon 399. It is the fourth such trial here in less than a month. Pvt. Edmund L. Ramie of Watertown, N. Y., one of the recruits, said he was told to sign a statement or go to the brig. He said the statement contained the word "hit" but Ramie said he never claimed to have been hit "only tapped."

## Mt. Marion-Ruby Readies Bond Vote Set for March 27

Preparations are underway for the special \$30,000 bond issue vote for the purchase of fire fighting equipment for Mt. Marion-Ruby Fire District Wednesday, March 27 at Ruby firehouse.

The bond issue will cover the cost of two new pumper fire trucks at \$14,000 each. One will be stationed at Ruby firehouse and another at Mt. Marion fire station. The bond issue will also include the purchase cost of two sirens to replace the ones on each of the two firehouses.

The vote will be in the form of two fire trucks and the other for the sirens.

All qualified voters of Mt. Marion-Ruby Fire District will be eligible to vote on the bond issue. Voting tellers and officials will be Frank Smith, chairman; William Crosby, Ray Pencsak and Leon Reiff.

# Federal Judge Rules International Boxing Club Is Monopoly

## James D. Norris, Madison Square Are Defendants

New York, March 8 (AP)—Federal Judge Sylvester J. Ryan ruled today the International Boxing Club of New York, Inc., is a monopoly to restrain trade.

He found the club, its officers and affiliates guilty of monopoly to restrain interstate trade and foreign commerce in promotion and presenting professional championship bouts throughout the United States.

"The defendants, as a result of their activities, acquired power during the period covered by the complaint (June 1, 1949, to May 15, 1953) to exclude competitors from the promotion of championship contests in the United States," the judge said in a 59-page opinion.

The antitrust suit was brought by the government.

Named as defendants, besides the IBC of New York, were the IBC, Inc., of Illinois; Madison Square Garden Corp.; James D. Norris, president of the New York IBC, and Arthur M. Wirtz, Chicago IBC president.

The Garden is a large stockholder in the two IBC organizations.

The government had charged that the defendants, in violation of the Sherman anti-trust act, conspired to restrain and monopolize interstate and foreign commerce in the prohibition, broadcasting, telecasting and motion picture production and distribution of professional championship boxing bouts.

Markson's Statement

Harry Markson, managing director of the IBC, said he wanted to examine the ruling before making a statement.

"I'd like to go over this with Mr. Norris," he said. "We will have a statement later."

The trial lasted nine days last April and May. Judge Ryan heard the case without a jury.

In reserving decision at that time, he said there was "a serious question of law involved" and that "I do not see many factual issues."

The government stated in its complaint that in the period involved there were 44 world championship matches in the United States and that the defendants promoted or participated in the promotion of 36 of them, or about 80 per cent.

The IBC ruling is the second important decision in ten days involving the antitrust status of sports.

On Feb. 25 the Supreme Court ruled by a vote of 6-3 that professional football is subject to federal antitrust laws.

Organized baseball has been under fire for 50 years on the ground that its operations are in violation of these laws.

But May, 1922, as the outgrowth of a suit by the Baltimore baseball club which had folded with the old Federal League, the Supreme Court held that baseball was a personal effort and not a trust within meaning of the law.

The verdict was handed down by the late Chief Justice Oliver Wendell Holmes.

On Nov. 9, 1953 the Supreme Court gave another verdict in

## Red Wings Hike Lead

(By The Associated Press)

The front-running Detroit Red Wings, in picking an opportune time to snap their six-game winless streak, have opened up a five-point gap over runner-up Montreal in the National Hockey League race.

Detroit, triggered by Alex Delvecchio, downed Boston 4-2 last night and also kept the third place Bruins three points behind the idle Canadiens. In the only other game played, the New York Rangers tied the Chicago Black Hawks 2-2.

The Rangers pulled seven points ahead of idle Toronto in the struggle for fourth place and the final playoff spot. All the scoring took place in the final period with Johnny Wilson's goal with two minutes to go enabling the Black Hawks to produce the deadlock.

Ed Litzenberger's 30th goal of the season gave Chicago a 1-0 lead early in the period before New York went ahead when Dave Creighton and Andy Hebenton found the scoring range. Andy Bathgate assisted on both goals.

Dean Prentice of the New Yorkers was knocked unconscious in a last period collision with Chicago rookie Forbes Kennedy, who was assessed a five-minute high-sticking penalty. Prentice was carried from the ice on a stretcher, but regained consciousness in the dressing room. He was not hospitalized.

## Hart Faces Byars In Garden Bout

New York, March 8 (AP)—Garrett (Sugar) Hart and Walt Byars, a couple of ambitious welterweight newcomers who have almost forgotten how defeat tastes, collide in a television fight at Madison Square Garden tonight.

Hart, a slick boxing, power punching 21-year-old from Philadelphia, has won 12 straight over a span of nearly two years. Byars, 25-year-old Boston boxer and holder of the New England 147-pound crown, has an unbeaten streak of 10 for about the same period.

Despite the impressive records of both, Hart has been made an almost prohibitive 4-1 choice for the 10-rounder which will be broadcast and telecast (NBC 10 p. m., EST) coast to coast. It will mark the Garden debut of the two unranked but highly regarded prospects.

## Fights Last Night

(By The Associated Press)

Los Angeles—Charles (Tomstone) Smith, 150, Los Angeles, outpointed Joe Miceli, 149, New York, 10.

Revere, Mass.—Bobby McHugh, 138, Boston, knocked out Ronnie Blackburn, 136½, New York, 6.

In favor of baseball following the lawsuit of Danny Gardella, a New York Giants wartime baseball player who was banished from the game for five years for jumping to the outlawed Mexican League.

The court, on a 7-2 vote, said: "We think if there are any evils in this field which now warrant application to it of the antitrust law it should be by legislation."

On Nov. 9, 1953 the Supreme Court gave another verdict in

## Basketball Comics, Grapplers Cheerleaders to Stage Show

The Kingston High School Student Council today announced a triple-barrelled sports show for Tuesday, March 12, at the Kate Walton Field House.

Among the gala features scheduled for presentation, not necessarily in order of importance or hilarity, are:

1. A basketball "classic" be-

tween the KHS cheerleaders and the combined Maroon basketball and football teams.

2. The appearance of Wilfred Hetzel, the world renowned basketball trick shot artist from Arlington, Virginia.

3. The Kingston High School wrestling squad in action against Suffern High.

Hetzel is the counterpart to baseball comedians and trick shot artists. He has a fantastic variety of tricks, including

a 60-foot set shot. The man positively guarantees to astound you.

Student Council leaders unanimously acclaimed their presentation "the greatest sports show on earth" and are looking for a large attendance. The public is invited, of course, for a modest admission fee. Proceeds will enable the Student Council to continue their marvelous service to Kingston.

## Tag Champs Return

## Fargo-Stevens Meet Skaaland and Rossi

Wild Man Fargo, 220, Idaho and Don Stevens, 225, Santa Monica, Calif., the world tag-team champions, have been signed to meet Len Rossi, 219, Utica and Arnold Skaaland, 229, White Plains, in the wrestling semi-final Wednesday, March 13, at the municipal auditorium.

The world title will not be at stake but Promoter Ted Bayly predicted a sensational feature.

Fargo and Stevens thrilled a packed house two weeks ago

with a smashing victory over Skaaland and Jack Nichols and are easily the most sensational tag-team in the business.

"Fargo and Stevens are the champions," said Bayly, "but Skaaland and Rossi have the speed and strength to make it quite a brawl."

The main event features the sensational Ricki Starr of Hollywood against Cowboy Don Lee of Texas. This will be Starr's second appearance in Kingston. The wrestling folks are still talking about the first one.

Harold Broskie hit for the hat trick with games of 223-220-201 for 644 in the Ferraro Major League.

John Ferraro Jr. stacked 211-213-616. Lottie Cashara 224-604, Phil Versace 207-236-612 and Joe Ruzzo 223-202-600.

The results by the teams in the major league:

## Furgol Tops PGA Ratings

Pensacola, Fla., March 7 (AP)—Ed Furgol, the lame-armed former National Open champion, retained his lead by a slim margin in the PGA top ten tournament players rating system.

The point totals released today by the PGA show Furgol with 286½ points through last week's Baton Rouge Open. This left him with a half-point margin over Doug Ford, leading money winner during the current winter golf tour.

Ford picked up a net of 47½ points at Baton Rouge and moved from third to second place in the new inaugurated rating system. Bill Casper Jr. dropped from second to third with 274½ points.

## Tony's Pizzeria, Jones Dairy In Scramble for HVBL Flag

The Hudson Valley bowling league is down to its last desperate stages Saturday night.

Middletown Merchants, one game ahead of Jones Dairy, has a crucial finisher at Channel Master of Ellenville which has pennant designs of its own, only two games off the pace.

The Dairymen visit Walden Peppys where they figure to win two, maybe three, but these late season matches produce strange results.

Tony's Pizzeria, trailing the Merchants by two seems to be in the most advantageous position with a home match against the hapless Shanahans of Ellenville.

## Six 200 Bowlers?

Finishing on his home planks, Phil Versace of Tony's has the individual average cinched with a 204-55 mark for 57 games.

The league faces the prospect of six "200" average bowlers for the first time in its history. Artie Koepfel of Middletown is second at 203-25 and John Ferraro has 202-8. Good nights could vault Larry Peterson and Harold Broskie of Kingston, Frank Greco of Ellenville into the magic circle.

The standings and Kingston averages going into the final night.

## Playoff Spots Up for Grabs in NBA Divisions

(By The Associated Press)

Only one thing is certain in the National Basketball Assn., which closes out its regular season next Wednesday. The Boston Celtics will be champions of the Eastern Division.

The remaining two playoff positions in the Eastern Division and all three in the Western still are up for grabs. As of today, the Philadelphia Warriors hold a game margin over Syracuse in the battle for second place in the Eastern after defeating Fort Wayne's Pistons 114-100 last night. The New York Knicks kept their faint playoff hopes alive by downing Syracuse 99-94 to move within 1½ games of the Nets.

Fort Wayne's defeat dropped the Pistons to a tie with the St. Louis Hawks for first place in the Western Division while the Minneapolis Lakers moved into third place by a half-game over Rochester by turning back the Celtics 109-104.

The entire Western Division is in action tonight with Rochester meeting St. Louis and Minneapolis taking on the Pistons in a doubleheader at Fort Wayne.

In downing the Nets for the second time in as many nights, the Knicks got clutch shooting from Nat Clifton, Richie Guerin, and Harry Gallatin. Guerin who ended up with 17 points to tie teammates Ken Sears for scoring honors, broke an 80-80 deadlock with 8:10 to go.

The Knicks led 97-91 when Gallatin clinched the victory with another set of free throws. For the third straight night, Dolph Schayes scored 21 points to pace the Nets.

## Newburgh, Terrace Tangle Here Tonight

Nott Terrace of Schenectady, three-year defending champion of the Intersections basketball tournament, faces Newburgh Free Academy tonight (Friday) at Kate Walton Field House in opening night tourney play.

The Blue Devils, who were runners-up in Section Two competition, bring into the game an 11-5 record. NFA, newly-crowned DUSO kings, boasts a 14-5 mark.

In other opening night action, Middletown High (10-8), DUSO No. 2 club, plays Albany High (11-2), Section Two's top team, at the Troy field house.

The tentative lineups for the game here:

NEWBURGH		NOTT TERRACE

## Oswego Tourney Opens Tonight

Oswego, N. Y., March 8 (AP)—The host and top-seeded teams play their first games tonight in the Oswego Invitational State Teachers College Basketball Tournament.

Oswego meets Buffalo, a 59-55 winner over Oneonta last night. Cortland, favored to win the six-team competition, opposes Brockport, which defeated Plattsburgh 74-70.

Oswego and Cortland drew first-round byes. Cortland will play a consolation game. The tournament ends tomorrow night.

Former North Carolina swimmer, Buddy Baarcke, coaches the Tar Heel freshman swimmers.

## Liberty, Otisville Gain in Playoffs

### Santa Anita Sets Final Rich Race

Arcadia, Calif., March 8 (AP)—Santa Anita unfolds its fourth and final \$100,000 added racing extravaganza tomorrow, with about a dozen older horses running in the long San Juan Capistrano Handicap over the turf course.

The probable field: St. Vincent, Holandes II, Corn Husker, Master Boing, Born Rich, By Thunder II, Gigantic, Infantry, Lover Boy, Posadas, Rumbo, Spinney and possibly Traffic Judge.

The San Juan, ordinarily the feature of the closing day of the meeting, is raced at about a mile and three-quarters over a course that slopes gradually down and bends into the grassy infield of the flat, just inside the regular dirt track.

Eddie Arcaro will ride Mrs. Elizabeth Lunn's Corn Husker, surprise winner of the Santa Anita Handicap two weeks ago. Corn Husker picks up 11 pounds from the 105 he carried then.

### Lawrence's 31 Sparks Redskins

### Ketcham, Nagy Pace Warriors to Victory

Liberty Central and Otisville High won easily in opening night play in the Class B Sectional playoffs last night at Washingtonville.

Liberty routed Montgomery High, 75-50, behind a 31-point barrage by pint-sized Johnny Lawrence in the feature game. Gene Ketcham's 25 points and Dick Nagy's 22 paced Otisville to a 66-52 win over Jeffersonville in the opener.

**Make Quarter-Finals**  
By winning, the clubs advanced to quarter-final round play Tuesday at Middletown. Liberty will take on Tri Valley of Grahamsville, champions of the Western Sullivan League, in the lid-opener and Otisville will meet Pine Bush Central, Orange county's No. 1 team, in the after-piece.

Liberty sailed to a 24-6 lead in the first quarter and was never headed. The Marauders, who were Orange's No. 4 representative, came back to narrow the spread to 36-23 at halftime. A 22-point outburst in the third period boosted the lead to 48-32 and locked things up for the Indians.

Otisville's victory was also never in doubt. The Warriors got out on top, 19-9, in the initial period and kept pouring it on to lead 43-21 at halftime and 61-31 at the three-quarter mark.

**Stagl Tops Jeffs**  
The Jeffs were paced by Stagl with 19 and Scenbach with 13.

### The Tar Heels Tackle Wake Forest, a 66-57 Winner

The Tar Heels tackle Wake Forest, a 66-57 winner over North Carolina State—defending champions—in tonight's semifinals, with the finals set for Saturday night.

North Carolina, although unbeaten all year, still must win the ACC tournament to qualify for the NCAA berth.

West Virginia, favored to take the Southern Conference title in that tournament which began yesterday in Richmond, Va., also moved into the semifinals with a 71-51 victory over Davidson.

In another important game bearing on the NCAA tourney, Harvard upset Dartmouth 69-60, giving Yale the Ivy League championship. Yale with an 11-2 league mark, meets Harvard Saturday, but second place Dartmouth (9-4) is out of the running.

Harvard's soph guard George Harrington got 28 points to ruin Dartmouth's hopes.

**Yale's Opponent**  
This means Yale would meet North Carolina—through at Raleigh—in the Eastern NCAA Regional Tourney at New York's Madison Square Garden March 12.

In other first round AAC tournament games, Maryland squeezed past Virginia 71-68, and South Carolina upset Duke 84-81 in another thriller. The winners meet in the other semifinal tonight.

West Virginia, which was eliminated by Dartmouth in the opening round of the NCAA tourney a year ago, meets dark horse Richmond in one of the Southern Conference semifinals tonight, while second seeded Washington and Lee plays Virginia Tech in the other. Tech defeated William and Mary 64-56, while Richmond eliminated fourth seeded Furman 90-71, and W & L overpowered the Citadel 85-62.

South Carolina's Grady Wallace, the nation's big college scoring leader, also caused eye-popping with a 41-point performance. His basket and three foul conversions in the final 26 seconds proved Duke's undoing.

**Other Scores**  
Otherwise on the skimpy college program, Mt. St. Mary's (Md.) won an unprecedented fourth straight Mason-Dixon Conference championship tournament by defeating Baltimore Loyola 88-73; New York University defeated St. John's of Brooklyn 67-55; St. Michael's (Vt.) made it 13 straight by defeating Vermont 87-77; Manhattan—heading into the National

## But Rough Road Is Ahead Tar Heels Get Safely Past First Hurdle in ACC Tourney

**The Associated Press**  
North Carolina, the nation's No. 1 college basketball team, was safely past the first hurdle in the Atlantic Coast Conference tournament today, but the cold facts show the Tar Heels must win seven more games in a row to cop the NCAA championship.

That's a big order, even for the team that now has won 25 games without defeat this season—with the toughest competition still to come.

Last night in the first round of the ACC tournament at Raleigh, N. C., All America Lennie Rosenbluth tallied a record 45 points as North Carolina walloped Clemson 81-61.

Invitation Tournament—drubbed Wagner 100-67 and Little Assumption (Mass.) edged Holy Cross 69-68 on Dan Gearin's free throw after the final buzzer.

The N.I.T. seeded Seattle and Bradley No. 1 and 2, respectively, and announced the draw for the tourney opening March 16 at Madison Square Garden. Utah opens against Memphis State, followed by Seton Hall vs. Xavier (Ohio), Dayton vs. St. Peters (N. J.) and Cincinnati vs. St. Bonaventure. On March 18 Manhattan meets the Utah-Memphis State winner, and Seattle tangles with the Cincinnati-St. Bonnie victor. The March 19 pairings call for Bradley vs. the Seton Hall-Xavier winner, and Temple vs. the Dayton-St. Peters winner.

## Pat Van Deusen Scores 20 To Pace Redlegs' Victory

Pat Van Deusen scored 20 points with nine baskets and a couple free throws to pace the Redlegs to a 38-36 victory over the Herricans in the Recreation Girls League.

The game went three minutes before the Redlegs potted the winning deuce. They had trailed 19-15 at the half but moved ahead, 28-27 at the three-quarter mark.

Pat Burke and Gloria Whitaker scored 13 points each for the Herricans.

Other scorers in the game were Lynda Marz with 7 points, Janet Riehl (3), and Kaari Ives (8). Jane Schipp's six and four by Carolee Leware helped the Herricans.

Redlegs ..... 9 6 13 10  
Herricans ..... 12 7 8 9  
Free throws missed: Redlegs 8; Marz 1, Van Deusen 4, Riehl 2; Herricans 6; Leware 3, Burke 1, Schipp 2.

## Ike Supports Pan Am Games

Washington, March 8 (AP)—The White House takes a hand today (2 p. m. EST) in trying to settle a dispute over a proposal to spend five million dollars in federal money to stage the Pan American Games in Cleveland.

The outcome of the fight over this proposed appropriation may determine whether the 1959 "Olympics of the Western Hemisphere" will be held in this country.

At his news conference yesterday, President Eisenhower voiced support for the games, saying he felt they would help "solidify" relations between the United States and Latin America. He said he understands the five millions is needed to make the games a success.

But Sen. Lausche (D-Ohio), who hails from Cleveland, contends the proposed appropriation represents an unessential item for an "entertainment project." Some Ohio House members are ranged on both sides of the question.

Presidential assistant Howard Pyle arranged to confer at the White House with Ohioans in Congress, including Lausche, and with sponsors of the games.

## Rodgers Impressive

Phoenix, Ariz., March 8 (AP)—Rookie Andre Rodgers continues to impress in the New York Giants' intra-squad games. The 22-year-old shortstop from the Bahamas moved from the second-stringers to the varsity yesterday and collected two hits in two at bats as the regulars bowed 3-0. Rodgers, who played for Dallas of the Texas League last season, has six hits in 11 trips—including a pair of doubles—in four games.

Shantz Gains Weight  
St. Petersburg, Fla., March 8 (AP)—Bobby Shantz, obtained in the recent deal with the Kansas City A's, is the latest to find out "it's great to be a Yankee." The pint-sized southpaw has gained five pounds since being traded to New York. His weight now is 149.

Wayne Morse, Independent, of Oregon, made the longest continuous speech in the history of the United States Senate.

## Fetchick, O'Leary Share Top Spot

Pensacola, Fla., March 8 (AP)—Two pros who have had little success on the winter golf circuit so far are in the forefront at the start of the second round of the \$15,000 Pensacola Open tournament.

Mike Fetchick and Paul O'Leary, two of the more massive of the touring pros, took the play from more favored players by touring the 6,325-yard Pensacola Country Club course yesterday in 68, four under par.

For Fetchick, a 190-pounder from Mahopac, N. Y., it meant the end to a tremendous slump during which he failed to scratch during the past five tournaments. The 32-year-old Fetchick has won only \$547 on the winter tour so far. His earnings last year were \$18,508.

O'Leary, who weighs in at about 205, likewise has had little success on the winter circuit. The Bismarck, N. D., pro's winnings so far on the winter circuit total \$987.

Three of the favorites, Peter Thomson, three-time British Open champion from Melbourne, Australia; Doug Ford of Mahopac, N. Y., a former PGA titleholder; and Ed Furgol, ex-open champion, were a stroke off the pace at 69.

## Tebbetts Undecided on Starter

# Seven Players in Running For Redlegs' 3rd Base Job

(The Associated Press)  
Third base looks like a real hot corner for Manager Birdie Tebbetts and his Cincinnati Redlegs.

The aggressive Redlegs' skipper has seven positions in his starting lineup set with the start of the spring training exhibition games only a day off. But it's anybody's guess who will wind up as the regular third baseman.

Four players currently are involved in the scramble to succeed erratic Ray Jablonski, who was traded to Chicago Cubs last winter.

## Players Involved

The quartet includes Alex Grammas, obtained from the St. Louis Cardinals last May; Don Hoak, dealt by the Cubs in the Jablonski transaction; rookie Hal Bevan and veteran utilityman Rocky Bridges.

Grammas handled third base in the latter stages of the 1956 campaign, as Jablonski rode the bench, and finished with a .243 batting average. He always has been a fine defensive player and has impressed in the spring workouts with a display of hard-hitting.

Hoak and Bevan also have shown well both at bat and in the field in the Redlegs' intra-squad games. The fiery Hoak, who came up with the Brooklyn Dodgers, hit .215 for Chicago last season. Bevan, who had brief trials with the Boston Red Sox and Kansas City A's, batted .302 for Havana in the International League in 1956.

## Bridges Available

And if none of the trio can fill the bill, Tebbetts has the versatile Bridges to call upon. Hustling Rocky, a steady felder, batted .211 last year.

Citrus and cactus chatter around the camps: Exhibition season opens Saturday with all 16 clubs in action. . . . Two games will be played in Arizona and six in Florida with the Dodgers and Braves at Miami under the lights. . . . Plastic cap worn by Bill Virdon saved Pirate's outfielder from serious injury yesterday when he was struck on the head by a wild throw on an attempted pickoff. . . . Giants' owner Horace Stoneham admitted absence of Ruben Gomez and Ramon Monzant from camp was fault of transportation arrangement mix-up and apologized to both players. . . . Monzant will not be able to report / immediately due to his mother's illness in Venezuela. . . . Jose Valdivielso walloped triple and two singles in Senators' intra-squad game. . . . Tigers collected 24 hits—including 11 extra base blows and six homers in camp fray. . . . Holdout Willie Miranda telephoned Oriole's from Havana but refused to agree to terms. . . . Yanks' Mickey Mantel will be used for pinch hitting purposes only in weekend exhibitions with Cards. . . . Southpaw Johnny Podres of Dodgers, who

blanked Yanks in seventh game of 1955 World Series, retired seven straight batters in first intra-squad appearance since navy discharge.

## Craig and Furillo Having Elbow Trouble

Vero Beach, Fla., March 8 (AP)—Elbow trouble is bothering pitcher Roger Craig and outfielder Carl Furillo of the Brooklyn Dodgers.

Craig had to be relieved in an intra-squad game yesterday with a sore elbow. "I've been throwing too much," said the slim right-hander. "It hurt me when I warmed up, but I thought I could throw it out."

Furillo said both elbows hurt him when he swings.

## Cases Heard In Supreme Court

Decision in the specific performance case brought in Supreme Court by Samuel Chalet of New Paltz against Peter H. Harp and others, executors of the estate of Otto B. Schmid, was reserved by Justice Herbert D. Hamm. The action was brought to compel sale of the property occupied by Chalet under an alleged contract made prior to the death of Schmid. Counsel for plaintiff was given 30 days to file brief and two weeks were allowed to reply. Abraham Streifer appeared for plaintiff and Hugh R. Elwyn for defendant.

An action to recover damages brought by Sarah Dole against the Village of Ellenville, involving a sidewalk negligence charge, was announced settled after a jury had been selected. Louis Berger and Abraham Streifer appeared for plaintiff and Charles H. Gaffney for defendant. A jury was selected and trial commenced in a negligence action, Dioncia Torres against Kahn Pontiac Company and another, growing out of an accident which plaintiff alleges was caused because the defendant failed to properly service the car of defendant. Seymour Greenblatt appears for plaintiff and Donald H. McCann for defendant.

## Unsettled Weather Is Five-Day Outlook

Albany, March 8 (P) — The extended weather bureau forecasts for New York state, prepared by the U. S. Weather Bureau, for the period from 7:30 p. m. today to 7:30 p. m. Wednesday:

Eastern New York — Rather cloudy and unsettled weather with moderate temperatures is expected the next five days. Friday night through Wednesday. Temperatures will average around or just above seasonal levels and precipitation 2 to 5-tenths in water content. Occasional periods of light snow or rain through the weekend and probably again by midweek. No important changes in temperatures. Very good conditions for maple sap flow over southern sections expected beginning of next week.

Western New York — Continued mostly cloudy, cool seasonable weather is expected, with temperatures averaging a few degrees below normal. Only minor day-to-day temperature changes are likely, with periods of light, wet snow Saturday and Wednesday, with total precipitation about one-quarter inch. Temperature normals — Normal early March temperatures for upstate New York are in the middle and upper 30s for the day's highest. And overnight lows going down to about 15 to 20.

## Gasoline Blazes Checked at Stations

Gasoline caught fire at two local service stations yesterday afternoon, but each blaze was checked before arrival of firemen.

A cutting torch being used by Harvey Thompson Jr., at the Esso service station, Broadway and Henry street set fire to gasoline which had been spilled on the ground.

An alarm from Box 1211, Broadway and Henry street and Wiltwyck stations, and Wicks Engine Company.

Thompson had been working on a car with the cutting torch when the fire started.

Wiltwyck and the Wicks company answered the other call at 3:17 p. m., to the service station of E. J. Coughlin at Stephan and Hazel streets where a spark ignited a gas tank which was being repaired. George Chipchase, of Connolly, an employee of the A. R. Newcombe Co., was doing the repair work.

No serious damage resulted of either blaze.

## Driver Fined, License Revoked

A driver charged with speeding and operating a car illegally was fined \$30 by City Judge Raymond J. Mino today, and his licence was revoked.

William R. Smith, 17, of 49 Hanratty street, was arrested at 8:05 p. m., yesterday by officers Gilbert Gray and Everett Emmick on Delaware avenue on the speeding charge and was also charged with driving on a junior operator's license after dark. He was fined \$20 on the speeding charge and \$10 on the other.

Theodore E. Hall, 24, of Box 64, Wallkill, who was arrested on a charge of speeding at 7:07 a. m. today by officers George Dougherty and John Crespinio, forfeited \$20 bail.

William C. Covert, Jr., of 58 Courtney avenue, Newburgh, who was arrested by the same two officers on East Chester street at 7:35 a. m., on a charge of speeding, is due in court Saturday.

A charge of issuing a fraudulent check lodged against Harry DeGel, 61, RD 1, Rhinebeck was withdrawn in City Court yesterday. He was arrested Tuesday. It was noted that he had made restitution for the amount of the check.

## Napanoch Driver Arrested After Route 209 Crash

A Napanoch man was arrested on a charge of driving at an endangering speed following a two-car accident on Route 209, about a mile and a half north of Wawarsing, early today.

Robert Smith, 22, was arrested on the traffic count by Ellenville state police after his car was in collision with another driven by Ernest Koehler, 62, of Route 209, Kerhonkson. The summons is returnable before Justice of the Peace Herbert Poppel, of Kerhonkson, Monday night.

Troopers said Smith, driving a 1956 sedan, was headed south and negotiating a right curve while the Koehler vehicle, a 1941 sedan, was headed north on a left curve. The Smith car swerved into the northbound lane, struck the Koehler car in the left rear and continued on about 500 feet before it went off the right shoulder of the road.

Time of the accident was set at 1 a. m.

## \$1,261 Is Collected For Ulster Workers

The State Labor Department collected more than \$550,000 in minimum wage underpayments for nearly 14,000 workers during 1956, Industrial Commissioner Isador Lubin announced today.

In Ulster county, the department collected a total of \$1,261 for 35 workers in 13 establishments.

For the entire state, minimum wage underpayment collections totaled \$552,427 for 13,809 workers in 5,502 establishments. In New York city alone the collections totaled \$380,932 for 5,518 workers in 2,759 establishments.

The 10 minimum wage orders in effect cover over 1,250,000 workers throughout the state in the following industries and occupations: laundry, beauty service, confectionery, cleaning and dyeing, building service, restaurant, hotel, retail trade, amusement and recreation and camp counselor.

A revised order for retail trade workers went into effect on February 15 and new orders for the laundry and cleaning and dyeing industries will go into force on April 15.
